

Manufacture and Exporters of Surgical and
Dental Instruments & Scissors of all sorts

CERTIFICATE OF CONFORMITY

This Certificate of Conformity is hereby issued to certify that the products manufactured by Gobble Surgical meet the applicable standards and regulatory requirements for medical devices.

Product Details:

- **Product Name:** Please see Annex A
- **Model/Variant:** Please see Annex A
- **Material:** Stainless Steel AISI 304 and Brass (Chrome Plated)

Conformance Standards:

The above-mentioned products are manufactured in compliance with the following standards:

ISO 13485:2016	Medical Devices - Quality Management Systems
ISO 15223-1:2021	Symbols for use in the labeling of medical devices
ISO 14971:2019	Application of risk management to medical devices
ISO 7153-1:2016	Surgical instruments — Materials — Part 1: Metals
ISO 7376:2020	Anaesthetic and respiratory equipment, Laryngoscopes for tracheal intubation

Intended Use:

Laryngoscopes are medical devices used for visualizing the larynx, facilitating endotracheal intubation, and assisting in airway management during anesthesia, emergency care, and surgical procedures. They provide direct illumination of the vocal cords and surrounding structures, enabling healthcare professionals to secure the airway efficiently.

Declaration by Manufacturer:

Gobble Surgical declares under sole responsibility that the products listed above meet the specified standards and are safe, effective, and fit for their intended purpose when used as directed.

Authorized Signatory:
